## MONDAY, July 22

8:30 Session 1 **Synthesis; metabolism; ontogeny; new neurokinins**  
Summary and keynote address:  
*S.E. Leeman - U.S.A.*

13:30 Session 2 **Structure-activity relations; receptors**  
Summary and keynote address:  
*L.L. Iversen - Great Britain*

17:15-18:30 Poster discussion

20:00 Plenary lecture:  
*B. Pernow - Sweden*  
**Research on substance P and neurokinins: clinical trends**

## TUESDAY, July 23

8:30 Session 3 **Antagonist; receptors**  
Summary and keynote address:  
*D. Regoli - Canada*

13:30 Session 4 **Distribution and role in peripheral tissues**  
Summary and keynote address:  
*A.C. Cuello - Canada*

17:15-18:30 Poster discussion

## WEDNESDAY, July 24

8:30 Session 5 **Roles associated with sensory neurons**  
Summary and keynote address:  
*M. Otsuka - Japan*

13:30 Session 6 **Distribution and roles in the central nervous system**  
Summary and keynote address:  
*T. Hökfelt - Sweden*

17:15-18:30 Poster discussion

20:00 Plenary lecture:  
*F. Lembeck - Austria*
